as adapted to  
Tables of  
Moderate  
Size

To simplify, lighten, refine the features which distinguished the old masterpieces—in short, to render these styles suitable for use in the less generously proportioned modern room—is a task which the present day designer handles with surpassing skill.

As an instance of his success, observe how excellently these three Tables are fashioned, how faithfully they preserve the characteristics of their more bulky predecessors, though measuring but 28 by 46 inches.

A family from Paris who have been living at the HOTEL BELLECLAIRE since last Christmas had to return home recently—very much to the regret of the ladies of the party. They had made many congenial friends while here. They were greatly pleased with their quarters in the Hotel and with the food and service. They said they had never spent three happier months in their lives.

The BELLECLAIRE Management tries in every way possible to make guests comfortable—to make them feel that the Hotel is THEIR home while they are in it.

## You Must Act Quickly!

The world-famous Bohn Syphon Refrigerators at special marked-down prices! The reasons are simple: We had many orders for shipment abroad, but on account of the unusual export conditions we decided last fall to offer these superb Refrigerators at special reductions, rather than carry them over the winter. The blockade in the Jersey freight yards held up part of our shipments from our factory so that the sale had to be suspended at that time. But now the blockade has lifted.

These special prices will seriously interfere with our regular trade at our very best season, but to the many people who were disappointed last fall this special offer at reduced prices is made for a short while only.
